

LEARNING PLAYFULLY AT THE AUSTRIAN INSTITUTE

We all have experienced that it will never be that easy again to learn a foreign language, as a child. At this age children are learning languages in a very intuitive and natural way. Use your child's receptive years!

The price of the project week is HUF 59.000, which includes the learning materials, lunch and snacks. A project week lasts for one week, every day (Monday to Friday) from 9am to 4pm (40 teaching lessons).

The thematic of the project weeks are not based on each other, so the children can attend more than one.
